

Ehman Velasco

DevOps Engineer | Azure, AWS, Terraform, Docker, CI/CD

Davao City, Philippines

mhanzvel@gmail.com

linkedin.com/in/ehman-velasco

Summary

DevOps Engineer with 4+ years of experience building CI/CD pipelines and cloud infrastructure on Azure and AWS. Contributed to an end-to-end AWS to Azure migration, and build automation with Terraform, Docker, and GitHub Actions. Earlier career in IT leadership and Agile project delivery, so I work well with both engineers and stakeholders.

Experience

Apr 2025 –
Present

DevOps Engineer · Crescendo

- Took part in the end-to-end migration from AWS to Microsoft Azure, covering infrastructure redesign, pipeline updates, and cloud resource optimization.
- Designed and implemented CI/CD pipelines in GitHub Actions that automate build, test, and deployment.
- Provisioned infrastructure as code and deployed automatically from GitHub repositories.
- Wrote automation scripts and workflows that remove repetitive deployment and configuration tasks.
- Managed GitHub repositories, including branching strategy, pull requests, and code review.

Dec 2021 – Apr
2025

DevOps Engineer · Jairosoft Inc

- Built and maintained multiple CI/CD pipelines in Azure DevOps, improving delivery speed and reliability.
- Defined and oversaw release processes across development, staging, and production.
- Automated infrastructure provisioning and management with Terraform.
- Set up monitoring and alerting with Prometheus and Grafana.
- Worked with stakeholders to plan deployments and reduce release risk.

Oct 2021 – Dec
2022

Project Coordinator / Scrum Master · Jairosoft Inc

- Led a team of developers through sprint planning and backlog grooming, keeping projects on schedule.
- Tracked project and team performance data to spot delays early and improve workflows.
- Facilitated meetings with stakeholders on deliverables, schedules, and conflicts.

Sep 2017 – Apr
2023

ICT Section Head · PWC of Davao

- Led a team of IT professionals, setting clear objectives for the team and each member.
- Led development of in-house projects and oversaw IT projects from initiation to delivery within scope and budget.
- Wrote and maintained IT policies, procedures, and standards; monitored service levels and user satisfaction.

Jul 2019 – Apr
2023

NetSuite Implementation Project Coordinator · PWC of Davao

- Coordinated the school's move of its automation systems to NetSuite.
- Provided local IT support for NetSuite users and escalated issues to third-party support.

Sep 2015 – Sep
2017

Full-Time IT Instructor · PWC of Davao

- Planned lessons and built each term's curriculum, updating content to follow current technology.

Skills

Cloud	Microsoft Azure, Amazon Web Services (AWS)
CI/CD & source control	GitHub Actions, Azure Pipelines (YAML), Azure Repos, Azure Boards, Git
Containers	Docker
Infrastructure as Code (IaC)	Terraform (automated provisioning, state management)
Monitoring	Prometheus, Grafana
Scripting	PowerShell, Bash
Databases	PostgreSQL, MSSQL, MySQL
Ways of working	Agile, Scrum, incident management, release management
AI tools	AI assistants for scripting, troubleshooting, and documentation

Education

Bachelor of Science in Computer Science · University of Mindanao, Davao City
